## **DINING ROOM ALLOCATION**

Generally, the banquet hall is allocated to the lodge or side-order meeting in the Blue Room, and the bar area is allocated to the lodge or side-order meeting in the Red Room, unless a ZH masonic lodge usually dines out, in which case no dining area will be reserved.

However, effective immediately, all banquets for the Operatives and SRIS will be held in the bar area, except under the following circumstances, (1) if the banquet hall is available, it may be allocated to them, or (2) if they wish to change the dining venue, they must adhere to the standard procedure of coordinating with the lodge or side-order allocated the banquet hall and the General Manager, and requesting a change of dining venue.

For clarification, banquets following Installation meetings are not automatically held in the banquet hall. If a lodge or side order holds their installation meeting in the Red Room and wishes to dine in the banquet hall, they must adhere to the standard procedure detailed above. Decisions on dining room allocation rest solely with the Trustees.
